MEMORANDUM FOR: William F. Donnelly
Deputy Director for Administration

FROM: VADM E. A. Burkhalter, Jr.
Director, Intelligence Community Staff

SUBJECT: Replacement of D/ICS Official Vehicle

I received your note of 11 July concerning a replacement vehicle for the D/ICS. Subsequently I discussed with the DDCI my views on the advantages in terms of safety, comfort, and security that a car comparable in size to what we currently have would offer. In response to these arguments, and in recognition of the fact that the D/ICS is an EP-3 position, the DDCI agreed that a somewhat larger car is justified. He authorized a 1986 Oldsmobile Delta 88, which I understand is a Class III vehicle. I should appreciate your assistance in the expeditious procurement of such a vehicle, which is particularly important since we are at the end of the model year.
